

# The Blackout EZ® School View Window Cover is all about safety for school lockdown emergencies.

Virtually indestructible material combined with the hook & loop fastening system is designed for over 2,000 cycles. Ready for safety drills and when truly needed. Also great for Kindergarten nap time, EOG testing, movies, and other class projects.

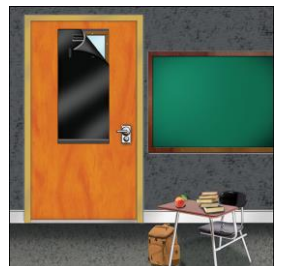

### Features Include:

- Easy Installation
- No Hardware
- No Drilling
- Meets Federal and California Flame Resistant Standards
- Accept all Major Credit Cards and Purchase Orders

Made of vinyl. Available in Black and White. Wipes clean with a damp cloth. Hook & loop tape included. Ships in 5-7 business days.

"I am very impressed with the effectiveness of the School View Window Covers! They are very easy to assemble, utilize, and best of all, they REALLY work. No one can see in the classroom, and no one can see out which makes not only me [the teacher] feel safe, but my students are safe as well. Highly recommend for school teachers or schools looking to improve the safety of their classrooms in the event of an emergency." **Jessica Mathews**
